## Equity Lens Consultants

### Consulting and Coaching \$100/hr

This is an excellent option for individuals, small business owners, teachers, or leaders who want to learn more about equity and are committed to implementing equitable practices!

Each session is tailored to meet the direct needs of the individuals. This also includes a complimentary 20 min follow-up session.

### Equity Workshops \$300/hr

These Equity workshops are intended for businesses, organizations, schools, or churches that desire equity training for groups of 10-20 people. Our interactive structure is tailored to meet your goals. For larger groups, please contact us for pricing.

### Group Coaching \$350 for 2/hrs

These small groups sessions are ideal for 3-7 people who want to embark on this equity journey together in order to impact your community, church, business, school or organization. A group coaching session includes a personalized approach based on your group's needs. Personal reflection questions, as well as guided group discussion, also occur during this 2-hour session. This very affordable price can be divided among your group.

### Equity Analysis \$500-\$1000

based on size

Equity Lens Consultants will conduct an on-site equity analysis of your business, church, school, or organization. We will then provide detailed feedback and recommendations. Additional Coaching and Consulting is recommended but not required.

Equity Lens Consultants

## Content Analysis \$100-\$300

Equity Lens Consultants will review your social media content, website, or marketing materials to provide feedback and specific suggestions on equitable representation and conscientious communication.

## Personalized Equity Tools \$250 per tool

After completing a formal needs assessment, we create equity documents for your use in analyzing, implementing, or restructuring your practices. Each equity tool is tailored to meet your needs. You will also receive a 1-hour training on how to use the equity tool.

## Equity Assurance Review \$200/hr

Equity Lens Consultants thoroughly analyzes documents like handbooks, mission and vision statements, and policies. Following our review, we provide feedback and specific recommendations for improvement.

## Guest Speaking

The President and Founder of Equity Lens Consultants provides a rich and empowering experience for all listeners as she authentically speaks on the subject of equity. Her sound understanding of what it means to live and operate equitably, along with her balanced approach, has undoubtedly helped hundreds of individuals to do what is right and fair.
